

ISerializing

```
classDiagram
    EventBattlePromptSelection --> EventNetwork
    EventNetwork --> ISerializing
```

A UML class diagram showing three classes arranged vertically. The top class is 'ISerializing', the middle class is 'EventNetwork', and the bottom class is 'EventBattlePromptSelection'. An upward-pointing arrow connects 'EventBattlePromptSelection' to 'EventNetwork', and another upward-pointing arrow connects 'EventNetwork' to 'ISerializing', indicating that both 'EventBattlePromptSelection' and 'EventNetwork' inherit from 'ISerializing'.

EventNetwork

EventBattlePromptSelection
